Copy of letter No. Sup.329/20 dated 22nd September 1920 from the Deputy Director of Agriculture, III Circle.

With reference to para two of your R.O.C.No.5559-G1 dated 13th September 1920, I have the honour to state that I am prepared to propose an Agricultural School at Hospet for the following reasons.

(1) There is perennial water supply from the Thungabhadra river for wet cultivation and even in the most adverse season the stude would find enough practical work in the wet and garden lands.

(2) There is enough of red soil land, close to the wet lands, fit for garden cultivation and the water could be baled out either from the canal itself or from the wells sunk in the fields.

(3) The dry lands are not far off from the wet lands and we can easily include black cotton soil, mixed soil and red soil in a block of about 60 or 70 acres.

(4) Sufficient area of wet and garden lands could be easily procured on lease and there may not also be much difficulty in obtaining enough dry land.

The only difficulty is with the buildings. I understand that the old District Munsiff's Court is at present vacant and I am making enquiries if it could be had on hire till we construct our own buildings.

Nandyal is more central and there are also some vacant buildings which could be utilised for the school but it has neither garden cultivation nor is its water supply so sure as at Hospet. If money is not a matter of much consideration, I prefer Hospet to Nandyal inspite of the central position of the latter.

From (Name) G.A.D. Stuart, Esq., I.C.S.,

To The Secretary to Government.
Revenue (Special) Department, Madras.

Sir,

1-2 Cirli

With reference to my predecessor's letter No. 5559-5748-G1, dated 4th October 1920, I have the honour to state that I am not in favour of starting an Agricultural Middle School at Hospet at present. The Committee of 1919 suggested schools at the following places, after Tariparamo

(1) Avanashi Taluk, Coimbatore District, for the Gowndan Community

(2) Dry area of Guntur or Bernads or Vizagapatam for Kamma or Kapu Community.

(3) South Kanara, for the Tulu speaking community

and (4) Tinnevelly for the Reddi and Naick communities forming the black soils,

vide para (22) of G.O.No.844 Revenue (Special) dated 1st May 1919. I consider that the proposal of the Committee should be given effect to before fresh areas are taken up.

I have the honour to be,

Sir,

Your most obedient servant,

Director of Agriculture
